## BROWNFIELD

Meeting of Woman's Club—Work on State Road.

The Brownfield Woman's Club held its regular meeting, Thursday, April 11th, at the Congregational church. The Rev. C. W. Eliopoulos gave a splendid talk on "The Holy Land" which was very much enjoyed by the club members. The roll call was "Quotations from Psalms." Sidney Walker is slowly regaining his health.

There are several cases of measles in town. Mr. Crabtree is sick at this writing. Something unusual for him.

Mrs. Day has recovered from the measles and is back driving the school team. This section of the State Road is in quite good shape, this side of the Frye woods. But places through the Frye woods, the road is almost impassable. Several cars got stuck in the mud there the 8th. The State has several trucks and a number of men repairing the road here as fast as possible, but the frost is coming out of the ground and at best they can make but slow progress.

The Willing Workers met with Mrs. Robbins moved—Sunday Visitors Out of Town—Visited Mr. Swinton at Hospital.

Mr. and Mrs. Ernie Robbins have moved from their "rent" into the new house on the corner. Dennis Martin is spending a week visiting relatives at Oxford.

The Adults' Bible Class met last Monday evening with Mrs. Evelyn Stone. There were 11 present. The class will meet this week at Carrie Kimball's. Rev. W. F. Delta Chapter O. E. S. held its regular meeting, Tuesday, April 2.

Walter Stone is having some repairs made on his house.

Reginald Pitman, Charles Davis and Barnes Walker went to Portland, Sunday. Hester McKee visited her sister, Mrs. Wilbert Harriman, Wednesday and Thursday.

WEST LOVELL  
The roads are very muddy, not many autos dare venture very far from home.

George Gupit, wife and Julia, called on A. K. Lord and wife, this week. Mr. Lord is so to go to the shop every day and work on his baskets, he has a nice collection and Mrs. Lord does her housework alone. They are very smart, we think, for people over 80 years old.

Alexander Laroque walked to Gus Willey's last Thursday.

Little Pauline Bowley is able to play around the house once more; she has had three very sick spells this winter.

Mavis Fox has returned to her school at Fryburg, after having the measles.

Mrs. Carroll M. McAllister is sick with the measles.

George Fox has returned home and is boarding with Carroll McAllister.

Mrs. Alex Laroque passed away at the home of her daughter, March 16, after an illness of several weeks, with a trained nurse in attendance. She and her husband were spending the winter with their daughter, Mrs. George Gupit, in their home, which was built on the site where Mr. and Mrs. Laroque had made their home, nearly 45 years, which was burned three years ago last fall. Mrs. Laroque, formerly called Nina, was a real home body and home was a dear place to her. She and Mr. Laroque were married in Massachusetts on Easter Sunday, Geo. 53 years ago. There were four children, Geo. 23, Walter, living in Conway Center, N. H.; Addie, wife of George Gupit of this place, and Edward, who died of injuries received in a mill in Chatham, N. H., thirty years ago, at the age of 9.

Heard and Seen at  
Advertiser Office

If Gov. Brewster and council took only \$6,500,000 more than was appropriated, they certainly should be complimented. The governor traveled much and talked big of the scenic beauty of Maine!

The first of the orders for posters calling attention to the opening of the pavilions was received Saturday from Howard W. Shaw. He will run dances this season at the Locke's Mills Pavilion every Saturday night, beginning with the Grand Opening on May 4th. Dancing will begin at 8:30 sharp.

Eben S. Kilborn and wife of Albany and Portland, who have been at St. Petersburg, Fla., have gone to Hot Springs National Park, Arkansas and are stopping at the New Arlington Hotel. Mr. Kilborn is being benefited by the baths and agreeable company.

Jim Walker: "If you go a smelting in waters running into Sebago you must have a license. Send to Augusta and get one or don't venture to dip smelts. It won't be safe." Many wardens are watching out.

Bro. L. J. Pendell of Caribou is in a bad state of mind. Listen to what he says editorially in his paper, the Aroostook Republican: "Pharoah made many promises to the children of Israel, but in each instance 'hardened his heart.' We are giving up a wonderful franchise to a foreign corporation for practically no return, especially in comparison with the vast treasure we relinquish. We are despoiling Nature's handiwork, throwing hundreds out of employment, driving others from their homes where they have lived for years, and putting camps, guides and business places out of commission."

"I hear him again and this may have something to do with his arriving at the above conclusion: "One of Caribou's citizens has owed the Republican a fairly good sized bill for several years. A statement of account was sent him on January 1st of this year. On March 1st, the bill came to the office, inquired the exact amount of his indebtedness, and then kindly informed us that he would pay us the first of April, and he did—kept his word. For in Monday's mail we received a bankruptcy card. The man kept his word—he paid, and we lose enough to have purchased a new spring suit of clothes. Of course we looked upon the card as an April fool joke—rather an expensive one for us, however."

We feel sorry for Bro. Pendell and hope it is only a passing attack of Spring jaundice. "The fish that broke my line Thursday must have weighed 30 pounds," said John Woodman. The line was tested to stand a 25 pound strain.

Do one, or the other: Either compel car driver to stop at the yellow signs or take down the signs. Do you know? Spring is here! F. W. Sanborn went to the postoffice Tuesday, minus overcoat and rubbers.

John Woodman: "The word cucumber appears in the Bible two times: Nos. 11:5, Isaiah 1:8. Now who was the shortest man mentioned in the Bible?" Charlie Sargent: "I'm willing to support any one who will start an organization to combat bands on cigars. If you remove the band, you usually damage the cigar; if you allow it to remain on the cigar, it smells like somebody shoeing a horse."

Alfred Flint found a kid glove on the Norway Lake road near Wassie Cottage, the first of the week and brought it here to find an owner. The thunderings of motor boats will soon be heard about the lake shore if Alfred Snow keeps on his job. Tuesday a Norway Lake resident was asked the whereabouts of said Snow and replied, "Oh, he is up to Frog's Corner poking the ice around to get a place big enough to get a motor boat in the water."

Mrs. Billie Webb of South Chatham is visiting Mrs. Alice Webb. Miss Eva Chandler visited relatives in North Chatham, last week.

Lakeside Grange held its regular meeting, Saturday evening. A very interesting program was given under the direction of Mrs. Arthur T. Smith. After the entertainment, partners were chosen by use of names of magazines and everyone marched to the dining room. A banquet was in waiting with smiling waitresses at each table. The following menu was enjoyed: Adams Ale, 1-2 p's; everlasting delight, bits of stones and sorceresses, second cook, the skipper's retreat, chips of the old block, first and last of thirst, with or without, children's best friend, certain times. Lakeside Grange plans to give a public supper Wednesday, May 8th. Mrs. Cora Royal of Freeport is visiting her sister, Mrs. Hollis H. Caswell, on Elm Street.

George Coleman Packard passed away at his home, Wednesday morning, April 3rd, after a brief illness of intestinal flu and jaundice. The past winter he has nursed for a number of weeks in this town and North Bridgton. Besides his widow, he leaves two sons, Clarence Coleman of West Somerville and Kenneth Arthur, aged 10 years. He also leaves one brother, Charles Packard, of Waterford, and a sister, Mrs. Mary Gray, of Lovell. Farm Management Meetings

Pictures Showed Workings of Six Farms in the State, New Enterprises.

Farmers who attended the Farm Management meetings held in South Paris and Norway on Thursday and Friday of last week felt well repaid for their time thus spent. In the morning Donald W. Reed, Farm Management Demonstrator for the Maine Extension Service, took the men on a tour of six farms over the State with a series of lantern slides showing practices followed in these six farms which resulted in a substantial increase in the farm income over a period of five years from 1922 to 1927. The afternoon was taken up with a real analysis of the farming business in and around the community and the actual receipts and expenditures necessary to carry on these farm operations. Many points were brought out in the discussion.

The farmer is positively up against it if he does not have at the present day something besides the average working knowledge which was sufficient to keep the wolf from the door only a few years ago. Practically the only solution to the problem seemed to be more volume of business. Poultry was suggested as one of the best enterprises at the present time to bring up the labor income.

One of the important points brought out was that total receipts on a one man farm must equal somewhere between three and four thousand dollars to make a thousand dollar a year labor income. This can only be brought about by increasing on present farm enterprises or the addition of a new enterprise.

Meetings to be held by Donald H. Ridley, County Agent, during the next two weeks are as follows: April 8—North Level. April 12—Canton. April 13—Sumner. April 16—North Randolph. April 17—East Bethel. April 18—Andover.

Relief from Gas Stomach Pains Dizziness

The doctors tell us that 90 per cent of all sickness is due to stomach and bowel troubles. You can't be well if your digestion is bad; you are likely to get sick unless you relish food and digest it properly. Tanlac has a wonderful record as a relief from digestive troubles, even those of years' standing. Mrs. H. D. Wickett, of 139 Fourth St., Old Town, Me., says: "I didn't enjoy anything to eat and had to quit milk and coffee. Now I do the cooking, washing, ironing and housecleaning and it doesn't tire me out." If you suffer from gas, pains in the stomach or bowels, dizziness, nausea, constipation, or torpid liver; if you have no appetite, can't sleep and are nervous and all run down, you need Tanlac. I wish to say here that in last week's issue of the Advertiser, I was deeply interested in C. F. Whitman's kind words for Mr. and Mrs. Albert Park. The school had adjoined the property of Mr. Park, then a leather taylor, with his business quarters over Luther Ludden's law office on Main Street.
